RECLINING CHAIR**

BA1556

Height Adjustable Reclining Chair

BA1556

The Height Adjustable Reclining Chair combines the comfort, mobility and versatility needed in an efficient medical environment.

The chair allows for seat and arm height adjustments compliant with government standards of ergonomic regulations. Lowering the chair into intermediate or full Trendelenburg positions is made easy with a simple pneumatic mechanism and foot assist meant to provide optimum comfort for reclined patients.

- 24"-31" adjustable seat height
- 8" adjustable arm height
- Reclines to Trendelenburg position
- Foot-assist recline
- 325 lbs. patient weight capacity
- Overall footprint dimension: 30" W x 72" D
- FDA and Health Canada Registered
