**JA1885**

# Folding Donor Bed

## JA1885

Designed for immediate and large-scale blood donations or vaccinations, our JA1885 Folding Donor Bed features an ergonomic design that puts less strain on the donor's body. An adjustable arm pad can be used on either side of the bed, making the procedure easier and more comfortable for both the donor and phlebotomist.

Manufactured in the United States., the Folding Donor Bed is made from high-strength aluminum and durable medical-grade vinyl straps, weighing just 36 lbs. It is convenient, portable and easy to set up efficiently.

- Folds to a Compact 8"
- Lightweight
- Accommodates up to 300 lbs.

**GSA Advantage!**

Overall 20"W x 71"D

**4 vinyl strap colors, and 4 frame colors**
